**CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY  
DEPARTMENT OF TOXIC SUBSTANCES CONTROL**

**EATON CORPORATION**

**WESTLAKE VILLAGE FACILITY**

**NOTICE OF PUBLIC COMMENT PERIOD FOR  
PROPOSED NEGATIVE DECLARATION**

The California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) is accepting public comment on the proposed Interim Measures Workplan, and Negative Declaration for the Interim Measures for the former Eaton Corporation Westlake Village Facility (Eaton). Eaton is located at 31717 La Tienda Drive, Westlake Village Facility, California. The Public comment period begins on February 19, 2003, and ends on March 21, 2003. Written comments must be postmarked by March 21, 2003, and sent to:

Ms. Maria Fabella, Project Manager  
DTSC, Glendale Office  
1011 North Grandview Ave  
Glendale, CA 91201

Before making a final determination on the proposed Interim Measures Workplan, and Negative Declaration, DTSC will review and respond to all submitted comments in writing. A copy of the Response to Comments will be sent to all those who submit comments and those who send a written request to Maria Fabella at the address above. Also, a copy of the Response to Comments will be placed in the information repositories listed in this notice. Also, if community interest warrants, a public hearing will be scheduled to present the proposed Interim Measures Workplan, and Negative Declaration and to receive oral and written comments. To request a public hearing, please send your written request to Ms. Maria Fabella at the address listed above. The request must be postmarked by the close of the public comment period on March 21, 2003.

DTSC, after completing an Initial Study, has determined that the proposed Interim Measures at Eaton are unlikely to produce any significant impacts on the environment. Thus, if the Negative Declaration is approved an Environmental Impact Report would not be necessary and Eaton could proceed with proposed Interim Measures which involve the installation and operation of a dual phase vapor extraction system for soil and groundwater.

The proposed Interim Measures Workplan, and Negative Declaration, and other facility related documents are available at the information repositories listed below. The full administrative record is located in the following repositories:
